FOR IMMEDIATE RELEASE

North Shore Data Services Inc. acquires Alpine Business Solutions

KINGSTON NH,   North Shore Data Services Inc. ("NSDS"), acquires Alpine Business Solutions, an IT solutions provider out of Dunbarton, NH since 2003. The Alpine acquisition strengthens NSDS's mission statement as a "Complete IT Solution Provider" throughout New England and the domestic US.

"NSDS and Alpine have great synergy as to how we approach servicing our customers, there is really good alignment to our operations which will benefit our combined customer base," says Chuck Desjardins, President of NSDS.

NSDS "still services and provides IBM iSeries support, but that is just one piece of our business. We are often called to solve the most challenging technical issues people face. We have years of experience troubleshooting and providing solutions quickly. When your network is down, your business is down. We respond to your calls quickly, leveraging our expertise, relationships, and inventory to get you back up and running as soon as possible. We treat your business like ours which speaks to our 35 years' service." - Chuck Desjardins, President of NSDS.
